Not responsible for accidents or health related conditions

Refer questions to Gary Heiland at Mid-Atlantic Valuation Group at 717-699-4434 or via email at gheiland@mvginc.com.

## Scramble Rules

- All four team members tee off on each hole. The team decides which tee shot it likes best and marks that position.
- Balls from other three tee shots are picked up. Each team member then places their ball within 1 club length of the marker but no closer to the hole and takes their next shot.
- This procedure is followed on every shot for the remainder of the hole, including putts. However, when the chosen shot is marked on the green, players must take their shot from that marked position.
- The first ball to go in the hole is counted for the team score. For instance, if a player taps their 2<sup>nd</sup> putt in before all other players have taken their first putt, the score is counted as 2 putts even if the next player makes their first putt.
- If the ball the team chooses (or is forced to choose) is in a hazard (including sand), you can not drop the ball outside of the hazard even if relief is within one club length.
- Each team must use at least 1 of each team member's tee shots on each nine and be able to show on the scorecard where that has been done.

**Traditional golf attire is required.**
